READ CAREFULLY

TERMS OF SALE

1. Auction sales ARE NOT approval sales. Read these terms carefully. By submitting bids you agree to the terms set forth below. All coins have been classified by experts and while errors will be gladly corrected NO LOT MAY BE RETURNED WITHOUT WRITTEN PERMISSION. Request to return coins MUST BE MADE WITHIN THREE DAYS OF RECEIPT OF COINS.
2. All bids are to be by LOT as numbered in the catalogue. When identical bids are received, preference is given to earliest bidder.
3. This is a PUBLIC AUCTION. All bids are entered as received and highest bidder will be the buyer. Mail bidders may feel free to submit any bid they wish and each lot will be purchased for such bidders at the next highest bid over room bidders.
4. Bidders must establish credit or have on deposit 25% of TOTAL bids.
5. Lots will be available to room bidders after each session, except large heavy lots and books.
6. Mail bidders will receive their lots promptly after the end of the sale. All ACCOUNTS MUST BE SETTLED PROMPTLY IN U.S. FUNDS, or in other currencies if special arrangements have been made.
7. Lots delivered in New York City are subject to 3% Sales Tax.
8. There will be no charge for executing bids but postage and insurance will be added, and a handling charge for heavy lots and books.
9. Where estimates are given they represent either the owner's idea of value or our professional opinion as to what they should bring. IN ANY EVENT THEY ARE ONLY ESTIMATES AND YOU CAN BID HIGHER OR LOWER. We recommend however, if you want the lot, bid close to or over estimate, this does not mean that our estimate is too high. It only means that the coin is not popular among collectors and few people compete for it. The estimates are what the **coin should be worth.**

CABLE ADDRESS "NUMATICS, NEW YORK CITY, U. S. A."

10. All coins are genuine and as described.

COLONIAL GOLD

719	Half Joe 1757 of Joseph I. struck at Rio de Janeiro with 2 inserted plugs. A script "B" in circle and I. D. About the script B, Howland Wood writes in his "The Coinage of West Indies" page 118; "Some attributed this to Berbice, now in British Guiana, but as the coins with this counterstamp are found belonging to this country. Some catalogues, without any proof, have claimed this to be one of Ephraim Brasher's marks. His mark was EB in an oval and as an English sovereign is known bearing both stamps, this fact would make it fairly convincing that the script B is not Brasher's. In the catalogue of the Murdoch sale there is a note to the effect that pieces thus marked circulated in Georgia during the Colonial period". An interesting and extremely rare coin. VF. (A collector from Cincinnati has a similar coin priced \$1500.00).	(450.00)

END OF FIRST SESSION

PAYMENTS

We regret to inform our many collectors that at each auction we find some buyers not paying their accounts — and it is necessary to use legal action to collect the bills. We have a few unpaid accounts from the January 23/24, February 28th and April 3/4 Sales. We are gladly supplying our colleagues with a list of delinquent accounts in order to spare them eventual losses.

RETURNS

We always receive letters from certain collectors that they did not bid on certain lots — and we then must supply the bidder with a photostatic copy of his order. Please write your bids carefully. If **you** make an error, we **will not** take the coins back.

- 753 Double taler in Gold, no date by KORN struck in weight of 10 ducats. See V. G. book on French coins page 31. #3588 40mm. Plain edge. UNC. (200.00)

Dr. Diepenbach spoke in the Mayence Coin Club meeting of February 1 of Ferdinand Korn who was a mint engraver and seal cutter in Mainz. Korn, whose family came from Spandau, was born in Mainz on March 13, 1826, and settled there as an engraver. After his repeated failure to obtain the position of a mint master in his country, in 1856 he accepted the invitation of Napoleon III and took the position of mint master in Paris.

Upon assignment he designed there a coin, the size of a "double taler", and he put the head of the Emperor on the front side with the inscription "Napoleon III Emperor of France" and his own signature "F. Korn", while on the reverse side he engraved the words "God protect the Kaiser and country" in a crown of leaves and around the edge the words "In Mainz". Some copies in silver and tin were made from this coin in the mint of Frankfurt, and from these a few pieces got into the mint trade as so called "Rheinbundtaler". This then brought serious accusations with it against the designer as "Traitor to the fatherland and a friend of the French". As a matter of fact, the Senate instituted disciplinary proceedings against an employee of the mint of Frankfurt, because he, against instructions, produced the coin in the Frankfurt mint.

In 1855 Korn received an invitation to Berne as mint master. He there produced a series of five Franc pieces. In 1859 he was employed as mint master in Wiesbaden and retired after the Principedom of Nassau was incorporated in Prussia in 1867. He died in Partenkirchen on May 26, 1891. Apart from the last association talers of Nassau, there are medals of Bishop Kaiser of Mainz and of Justus von Liebig known as made by him. From NUMISM. NACHRICHTEN Hamburg, March 1955.

COLONIAL AMERICA

THE GRAVEYARD HOARD

The following Spanish 8 Reales are from the famed "Graveyard Hoard", unearthed last year in an Indian burial ground near Lima, Peru. They carry the portraits of either Charles III or Ferdinand VII, with dates ranging from 1808 to 1825.

"Pieces of 8", well known in tales of piracy and the Spanish Main, have a secure place in American history — they were legal tender throughout the United States until February 21, 1857. It is unusual to have so many choice pieces available at any one time.

Coins from this famed "Graveyard Hoard" already have found their way into many distinguished American collections. From this spectacular numismatic find, more than a hundred uncirculated coins and many in lesser condition already have been sold. The number of coins now available from this hoard quite naturally is limited in number — the wise collector will be guided accordingly. A certificate accompanies each coin.

It is a great pleasure for us to offer on the following pages a series of European and domestic consignments of interesting foreign coins of all types—to be sold to the highest bidder. It is not often possible to obtain such a variety of foreign coins for whatever prices they bring—at a time that foreign coins sell for record prices in Europe.

Here is a unique occasion to buy rare & common, perfect and VF coins at auction, under favorable conditions which will not repeat itself.

The consignments have been catalogued per group in order to facilitate bookkeeping.

AMERICAN INDIAN MONEY

- 1266 NAVAHO TRIBE New Mexico. Large size TURQUOISE NUGGET. (27.50)
- 1267 NAVAHO WAMPUM AND TURQUOISE NECKLACE MONEY. The Navaho Indians in New Mexico have for many centuries used small bone disc wampum and turquoise nuggets both as money and as decoration to show their wealth. Many of these necklaces have been in the same family for many generations and are seldom sold. They are still used as colateral and regularly accepted as such. This specimen was what is called "A DEAD PAWN" and is one of the few old necklaces sold. See full and complete description of use. Mounted in a special glass case. 25" long with 25 turquoise nuggets divided by many small turquoise and bone wampum beads. See Sigler "Strange Money of the World" in the Numismatist Page 1073 September 1958. (125.00)
- 1268 ZUNI INDIANS. New Mexico and Arizona. Bead necklace money 30" Red and black tiny beads. As has always been the case all over the World white traders found natives willing to accept trinkets, bright colored beads and other ornamental objects in exchange for native products game, furs, gold dust, ivory etc. Some trading posts were opened in the West before and a great many after the Civil War. Bright colored beads were readily accepted which were laboriously woven into bands for the neck, forehead, waist, angles etc. As time went on these native pieces were readily accepted as collateral for groceries and supplies to be redeemed when the fur season arrived. From a collection made in Arizona around 1900. Period of use 1850-1875. Pretty. (25.00)
- 1269 Different variety 30". Very beautiful work. (25.00)
